

## **Celsion Corporation to Participate in the Virtual 33<sup>rd</sup> Annual Roth Conference**

February 26, 2021

**LAWRENCEVILLE, N.J., Feb. 26, 2021 (GLOBE NEWSWIRE) -- [Celsion Corporation](#) (NASDAQ: CLSN)**, a clinical-stage development company focused on DNA-based immunotherapy and next-generation vaccines, today announced that management will be holding one-on-one meetings with investors during the Virtual 33<sup>rd</sup> Annual Roth Conference, being held March 15 – 17, 2021. A webcast of Celsion's presentation will be pre-recorded and will be available on the Company's website during the week before the conference.

Institutional and other investors interested in meeting with Celsion during the conference should contact their Roth Capital Partners sales representative or LHA Investor Relations. Conference information is available at [www.roth.com/oc2021virtual](http://www.roth.com/oc2021virtual).

### **About Celsion Corporation**

Celsion is a fully integrated, clinical stage biotechnology company focused on advancing a portfolio of innovative cancer treatments, including immunotherapies, DNA-based therapies and directed chemotherapies through clinical trials and eventual commercialization. The company's product pipeline includes GEN-1, a DNA-based immunotherapy for the localized treatment of ovarian cancer. ThermoDox<sup>®</sup>, a proprietary heat-activated liposomal encapsulation of doxorubicin, is under investigator-sponsored development for several cancer indications. Celsion also has two feasibility stage platform technologies for the development of novel nucleic acid-based immunotherapies and other anti-cancer DNA or RNA therapies. Both are novel synthetic, non-viral vectors with demonstrated capability in nucleic acid cellular transfection. For more information on Celsion, visit [www.celsion.com](http://www.celsion.com).
