

Celsion Corporation to Highlight its PLACCINE Platform Technology During Oral Presentation at the World Vaccine Congress

April 12, 2022

LAWRENCEVILLE, N.J., April 12, 2022 (GLOBE NEWSWIRE) -- Celsion Corporation (NASDAQ:CLSN), a clinical-stage company focused on DNA-based immunotherapy and next-generation vaccines, today announced it would highlight its PLACCINE platform technology in an oral presentation at the World Vaccine Congress taking place in Washington D.C. on April 18-21, 2022.

Dr. Khursheed Anwar, Chief Scientific Officer at Celsion will present the Company's technology platform during the Cancer and Immunotherapy session, in his presentation entitled: "Novel DNA Approaches for Cancer Immunotherapies and Multivalent Infectious Disease Vaccines." Details of the presentation are as follows:

Session: Cancer and Immunotherapy – M4

Location: Liberty Salon I-K

Title: Novel DNA Approaches for Cancer Immunotherapies and Multivalent Infectious Disease Vaccines

Presenter: Dr. Khursheed Anwar, Chief Scientific Officer, Celsion

Date: Thursday, April 21, 2022

Time: 12:00 pm Eastern Time

A replay of Dr. Anwar's presentation along with his slides will be available after his presentation on the investor portion of the Celsion website under [Scientific Presentations](#).

About Celsion Corporation

Celsion is a fully integrated, clinical stage biotechnology company focused on advancing a portfolio of innovative cancer treatments, including immunotherapies and DNA-based therapies; and a platform for the development of nucleic acid vaccines currently focused on SARS-CoV2. The company's product pipeline includes GEN-1, a DNA-based immunotherapy for the localized treatment of ovarian cancer. Celsion also has two platform technologies for the development of novel nucleic acid-based immunotherapies and other anti-cancer DNA or RNA therapies. Both are novel synthetic, non-viral vectors with demonstrated capability in nucleic acid cellular transfection. For more information on Celsion, visit www.celsion.com.

Forward-Looking Statements

Celsion wishes to inform readers that forward-looking statements in this release are made pursuant to the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Readers are cautioned that such forward-looking statements involve risks and uncertainties including, without limitation, unforeseen changes in the course of research and development activities and in clinical trials; the uncertainties of and difficulties in analyzing interim clinical data; the significant expense, time, and risk of failure of conducting clinical trials; the need for Celsion to evaluate its future development plans; possible acquisitions or licenses of other technologies, assets or businesses; possible actions by customers, suppliers, competitors, regulatory authorities; and other risks detailed from time to time in Celsion's periodic reports and prospectuses filed with the Securities and Exchange Commission. Celsion assumes no obligation to update or supplement forward-looking statements that become untrue because of subsequent events, new information or otherwise.
